Dear [REDACTED],

Thank you for speaking to me today and confirming that your representation relates to the Taymouth Castle development and that it is in relation to Environmental Impact Assessments. This is in common with another case I am responsible for at the moment, and I understand that you are content for me to continue to progress this case and close your representation.

ESS will report on progress with the existing case (case reference IESS.24.021) and I will let you know when we have done so.

If possible, I would be grateful if you could supply me with any response received from the office of the Minister for Public Finance, as this may be helpful in the existing case.

Kind Regards,

[REDACTED]

[REDACTED]
